The restaurant from Colton offers **165** different **menus and drinks on [the menu](#)** for an average price of \$4.1. A local restaurant that once enjoyed a loyal customer base is facing growing disappointment. Diners have expressed frustration over fluctuating service quality, with reports of unkempt staff, cold food, and insufficient attention to order freshness. The restaurant's location adds to challenges, with customers encountering issues related to nearby homelessness and delayed service when attempting to order. While some patrons appreciate the 24-hour service and reasonable prices, a notable decline in customer service and overall experience is causing many to reconsider their visits. Loyal fans now find themselves yearning for the days of better service and quality food.
